

July 6, 2018

Dear Third Grade Families,

Welcome to 3rd grade and the 2018-2019 school year at CEE! I am excited to work with your hard working and dedicated students. This is an opportunity to BOLDLY GO into new horizons and make new discoveries.

This is going to be my third year of teaching and my second year here at CEE! I am originally from a small town near Chicago, IL. I went to Eastern Illinois University where I earned my degree in elementary education.

I was raised in a sci-fi loving family and movies and shows such as: Star Wars, Star Trek, Doctor Who, Hitchhiker's Guide to the Galaxy, and so many more are the reasons why space and exploration is our theme. The characters in these shows and movies offer insight into the importance of teamwork and critical thinking, which is another reason why this theme is so fitting.

Every student will be an explorer in our third-grade team. Each explorer will have the opportunity to complete many creative projects and set individual goals. Even with individual goals in mind, students will work in a team-oriented classroom and celebrate accomplishments together, whether they be large or small.

Enclosed you will find our suggested classroom supply list. Your child may bring their supplies to "Meet the Teacher Night". In addition, we are requesting a supply fee of \$30 for educational fees, periodicals, and other classroom resources. We are thankful for your generosity with any donations that you are able to give.

I look forward to seeing you at "Meet the Teacher Night" on Thursday, August 2nd from 5:00 to 6:00 p.m.! I hope that your child enjoys the remaining days of their summer vacation. Remember that school starts Monday, August 6th at 8:30 a.m. with a 1:00 p.m. dismissal.

Sincerely,
Ms. Bomberry

Suggested Supply List

2018-2019

Ms. Bomberry

Center for Educational Excellence
