Mrs.
Kinneman

welcome

I am very excited to introduce myself as your child's kindergarten teacher. Kindergarten is such an amazing and exciting school year! Your child will grow academically, socially, and emotionally all in the blink of an eye! I can't wait to spend time in the classroom with your child getting to know them and instilling a love for learning and building a class community. We will spend the next 10 months learning how to read and write along with exploring our world through social studies and science. At CEE we pride ourselves on individualizing each student's learning so you can be sure your child will always be challenged to their full potential. In addition to our academics, your child will be attending PE, Music, Library, Art, and Spanish each week. I look forward to hearing from you with any questions you may have at akinneman4@gmail.com

a little about me

I am a Minnesota native, however, I have lived in Arizona for some time now. I am married with 2 children, my son Ryder (10), my strong willed daughter Regan (5) and our dog Foxy. My husband is from P.A. so, in the Kinneman house we cheer for the Steelers and the Packers during football season.

This is my 13th year teaching kindergarten at Center for Educational Excellence (CEE). I absolutely love teaching kindergarten, and cannot wait for this upcoming year! Along with teaching in the classroom, I help in afterschool clubs, and help with PTO when needed.

In my time off from teaching, I enjoy family time, crafting, and running. I spend a lot of weekends watching my children in sporting events and being outdoors as much as the AZ weather allows us to be.
